

Bruce Sellers and Paul Watts, COO Electronet  
Broadband Communications

## REAL CUSTOMERS. REAL ISSUES. REAL SOLUTIONS.

At Golden Eagle Golf and Country Club we aim to provide our members with an exceptional experience on and off the golf course. We expect the same quality from our vendors that we work with and rely on. We have used Electronet for internet access for over eight years. Once we learned that Electronet was offering business class voice and long distance services we decided to make a move to them. Their knowledgeable and courteous staff made the transition simple. Now I don't have to call an 800 number and deal with an auto attendant. I dial a local number and talk with someone immediately. By bundling our services we were able to save money as well. I'd recommend Electronet to anyone wishing to improve their reliability, improve performance and reduce costs.
